8. Operational Period Debrief			
General Remarks / Accomplishments:			
<p>As of 9am today, December 18, 2016, The city has completed all flushing that TCEQ required as an action based on the cross contamination event. The data (of flows per section) is being QAed at this time. If that QA shows that not enough volume had been flushed, city crews will go back out today to re flush.</p> <p>The City has a storm water permit (MS4) expired in 2013 but applied timely for renewal so it still in effect.</p> <p>Today while the Central office stands down the process will still be the same for citizen inquiries. The CC region office will respond and collect samples. Any issues that need to be elevated will be sent to Kelly Keel Linden, 512-239-3607 email: Kelly.keellinden@tceq.texas.gov</p> <p>Conference calls made: TCEQ & EPA to establish facts prior to conference call with CC Mayor; TCEQ & EPA to mayor of CC & Staff to announce lifting of do not drink and do not use in Zones 2 & 3 respectively, removing all drinking water in CC for public consumption; TCEQ & EPA call with interested elected officials explaining rationale for lifting all restriction on drinking water and outlining on going efforts to ensure the safety of the CC drinking water.</p> <p>TCEQ is developing an explanation of the process used to develop flushing plan used in CC. TCEQ is developing an explanation of how the whole process, from isolation the cross connection, to developing, flushing and sampling plans in order to address the incident.</p>
